

Today, we are delighted to be able to introduce **a new RAVENOL product** to you for Porsche ATFs which will be delivered starting this **April** and can be ordered with immediate effect:

RAVENOL PDK Fluid Art. 1211131

PRODUCT DETAILS

RAVENOL PDK Fluid is a fully synthetic automatic transmission fluid (ATF) with low viscosity and with special additives and inhibition to ensure the proper operation of the Porsche PDK automatic transmission.

RAVENOL PDK Fluid has been developed especially for Dual Clutch Gear from Porsche. **RAVENOL PDK Fluid** guarantees maximum wear protection in all operating conditions.

THE MOST IMPORTANT CHARACTERISTICS OF RAVENOL PDK FLUID:

- Very good lubrication even at low temperatures in winter
- High, stable viscosity index
- Very good oxidation stability
- Extensive protection against wear, corrosion and foaming
- Excellent friction coefficient
- High thermal and oxidative stability
- Excellent cooling performance
